HE WHO BEGAN A GOOD WORK IN YOU WILL BE FAITHFUL TO COMPLETE IT IN YOU

✠ THANK YOU ✠

Dear all,

It seems like only yesterday since we started the church in Dover, New Hampshire in winter 2003. And the Lord had sent you to be part of what He had started through us. Your support for us is truly make a difference in our ministry and family life. We are so thankful and grateful for you.

OUR MINISTRY

We began our first service in October 2003 with one family of four and another three men and we rented a room in an Episcopal Church Dover, NH. We are so thankful to see the progress and the growth of peoples as a big church family and personally. Indonesian CRC in Dover has also involved in planting other multi-ethnic CRC churches in California and Maryland.

Deibi has been working to develop Coffee Break Small Group Ministry in Dover and to other Indonesian churches in United States. She also expanded the ministry to Indonesia. She traveled 2 times in the row to Indonesia last Summer to introduce it to almost 2000 leaders, pastors and teachers from many different denominations in different events and places. And this Summer she will have the first small group leaders training in four different cities in Indonesia in collaboration effort with BTGM, Coffee Break, World Mission and Faith Alive. The materials has been translated into the language and will be published very soon before the training on September 2011.

OUR FAMILY

We are glad that our first child, Michelle just graduated form High School. She has a great passion for Mission and Music ministry. William our second child is enjoying helping in so many ways to reach our Youth in the community and recently brought a teenager, his friend in our neighborhood to come to know Jesus. We can see that God is working in all. Grace and Jordan are doing great and we all enjoying summer in New England.

We thank you for every single effort you have done and are giving to support us. Your personal letters, emails, and visits has been a remarkable encouragement. Your prayers sustains us and your financial support is truly God's helping hands for us to move forward. The grant from Home Mission and classis have come to conclusion and one thing we want to say "THANK YOU VERY MUCH" for supporting us financially for almost 8 years with all resources provided for us to grow. You are welcome to visit us in New Hampshire or you can invite us to come and we are more than happy to share what God is doing in our ministry and family. And to all donors and congregations, may your generous heart for God's Kingdom will be returned to you abundantly by Jesus Christ our Lord and Savior in whom we are united as family.

With love: THE LAPIANS
